- Assist in developing, implementing, and maintaining organizational policies and procedures for the OHWC including in such areas of safety and infection control.
- Assist in planning, implementing, and administering programs and services in the OHWC including training and coordination of physicians, nurses, other health care professionals, managers, and staff.
- Monitor the use of diagnostic services, OHWC, and staff to ensure effective use of resources and assess the need for additional equipment and services.
- May direct or conduct recruitment, hiring, and training of personnel.
- Review and analyze OHWC activities and data to aid planning and risk management and to improve service utilization.
- Prepare activity reports to inform management of the status and implementation plans of programs, services, and quality initiatives.
- Provide and manage direct patient care including pre-hire and annual physical examinations and evaluations, assessments, and/or treatments of workers' compensation illnesses and injuries and acute/urgent illnesses, infections, or injuries.
- Perform minor office procedures in alignment with scope of practice including simple laceration repair, incision and drainage, removal of foreign body, and wound care.
- Prescribe medications based on efficacy, safety, and cost as legally authorized.
- Counsel patients about drug regimens and possible side effects or interactions with other substances, such as food supplements, over the counter (OTC) medications, or herbal remedies.
- Order, perform, or interpret screening and diagnostic tests, such as comprehensive blood counts (CBCs), radiographs (x-rays), electrocardiography (ECG), spirometry, titmus, audiometry, respirator fit testing, and urinalysis.
- Recommend diagnostic or therapeutic interventions with attention to safety, cost, invasiveness, simplicity, acceptability, adherence, and efficacy.
- Administer medications and treatments and assist with the dispensing of the in-house formulary.
- Conduct patient triage.
- Oversee and control/manage stock medications, vaccines, and medical supply inventory and

product expiration.

- Oversee various medical programs including vaccination programs.
- Oversee training and the use of medical equipment.
- Document treatment information within electronic medical records.
- Maintain current knowledge of state legal regulations for nurse practitioner practice.
- Perform other related duties as required.

KNOWLEDGE & ABILITIES

- Considerable knowledge of nursing theory, techniques, and practices.
- Working knowledge of medications, drugs, and narcotics and their effects.
- Knowledge of State of Florida licensure requirements.
- Knowledge of applicable federal, state, and local laws and regulations pertinent to medical practices, including requirements of the Health Insurance Portability and Accountability Act (HIPAA) and the Occupational Safety and Health Administration (OSHA).
- Knowledge of management methods, techniques, and practices.
- Ability to follow established procedures.
- Ability to collect, organize, and evaluate data and develop logical conclusions.
- Ability to communicate effectively, both orally and in writing.
- Ability to prioritize work.
