Exempt: No

OVERVIEW

Responsible for effectively managing the services associated with the installation and programming of two-way radio equipment, emergency lighting systems, and associated ancillary equipment utilized by the various organizational components of the Sheriff's Office.

DUTIES & RESPONSIBILITIES

Duties may vary based on assignment.

- Coordinate and manage multiple projects to fulfill program objectives related to radio services and supporting operations.
- Evaluate existing programs and resolve problems encountered during daily operations including the scheduling, monitoring, and management of the equipment installation programs.
- Perform regular inspections and prepare a summary of the status of each new vehicle to ensure efficient and effective installation of specialized equipment and assignment of services.
- Determine appropriate solutions by recommending best practices and implementing changes where necessary.
- Ensure the installation of two-way radio and emergency lighting equipment scheduling requests are coordinated to meet operational timelines; provide weekly and monthly updates on projects and maintain records and reports as required.
- Manage and direct the development and oversight of outsourced vendor contracts pertaining to the installation of radio equipment, emergency lighting, and ancillary equipment.
- Provide technical guidance, direction, and develop specifications for two-way radio equipment, emergency lighting systems, and services provided by approved vendors/ contractors.
- Monitor expenditures and may assist in the development of the program budget.
- Ensure proper instructions and training of personnel in methods and procedures, proper use of equipment, and approved safety protocols.
- Represent the agency/department/division at meetings, functions, and events.
- Perform other related duties as required.

KNOWLEDGE & ABILITIES

- Thorough knowledge of the functions, services, activities, requirements, and objectives of the specific project/functional area to which assigned.
- Considerable knowledge of the principles and practices of project management.
- Considerable knowledge of contract documents and specifications.
- Working knowledge of installation techniques and practices for two-way radio equipment, emergency lighting equipment, and specialized equipment programming.
- Working knowledge of two-way radios and emergency lighting specifications.

- Working knowledge of occupational hazards and applicable safety regulations, standards, and equipment.
- Working knowledge of management methods, techniques, and practices.
- Ability to read and understand electronic diagrams and schematics.
- Ability to communicate clearly and effectively both orally and in writing.
- Ability to work both independently and as part of a team.
- Ability to delegate, manage, and supervise effectively through scheduling, assigning, monitoring, reviewing, training, and evaluating the work of assigned staff.
- Ability to develop technical specifications and budgetary costs for proposed vehicle projects.
- Ability to use a computer and related software including work order management programs.

SKILLS

- Contract Compliance
- Two-Way Radios
- Emergency Lighting
- Radio Systems
