Rising Stars
ACADEMY
HILLSBOROUGH COUNTY
SHERIFF'S OFFICE

CHAD CHRONISTER
SHERIFF

To our community and the dedicated members of the sheriff's office.

It is an honor to serve the people of Hillsborough County alongside the remarkable men and women of our office. Each year brings opportunities to grow, challenges to overcome, and reminders of why our work matters.

In 2025, we remained focused on our commitment to public safety, ensuring everyone in our community, especially the most vulnerable, were protected. Our continued crime-fighting strategies and innovation produced a 12.7% reduction in crime.

We launched a new Domestic Violence Unit to better support victims who too often suffer in silence. In our detention centers, we implemented the CENTEGIX safety system to enhance communication and emergency response, protecting staff and those in our custody. We also invested in our workforce with across-the-board raises, recognizing the dedication and professionalism of our team members. At the same time, we advanced plans to relocate our headquarters to a new site that will enable our office to grow and centralize access for the citizens we serve.

Last year certainly brought proud moments and difficult ones, and through it all, the strength of teamHCSO never wavered. I continue to witness the compassion, professionalism, and resilience of those who wear the badge and our incredible professional staff who support our mission.

To the members of our sheriff's office, thank you for your dedication and sacrifices. To our community, thank you for your trust and partnership. As we look ahead, the Hillsborough County Sheriff's Office will remain the standard, and we will continue moving forward together.

Sincerely,

Chad Chronister, Sheriff

THOMAS ST. JOHN
UNDERSHERIFF

To our Hillsborough County community,

The past year has been one of continued growth and progress for both our community and the Hillsborough County Sheriff's Office. As Hillsborough County expands, so too does the responsibility placed on our agency to meet the increasing demands of public safety. Throughout 2025, we remained focused on strengthening our operations, investing in our personnel, and ensuring we are prepared to meet the evolving needs of the community we serve.

At the Hillsborough County Sheriff's Office, we recognize that keeping pace with this growth requires constant evaluation, strategic planning, and the willingness to invest in the tools and resources necessary to do the job effectively. Our goal is simple: ensure that our deputies and professional staff are equipped to respond to the evolving challenges facing our county.

This year, we expanded resources for the Drug Interdiction Unit, equipping the unit with high-performance vehicles to strengthen their ability to intercept criminal activity on Hillsborough County roadways and disrupt crime traveling through our county. We also launched a new online complaint submission form to ensure every concern from our community is properly documented, tracked, and investigated, reinforcing our commitment to accountability and transparency.

From expanding operational capabilities to improving internal processes, we remain focused on building an organization that is prepared for the future while maintaining the high standards our community expects.

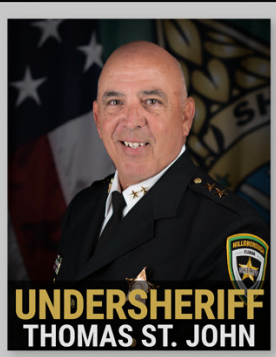

I am proud of the professionalism, discipline, and dedication demonstrated each day by the members of teamHCSO. Their commitment ensures that our agency remains ready to meet the challenges ahead.

As our community grows, we will continue strengthening our operations to meet the demands of public safety today and in the years ahead.

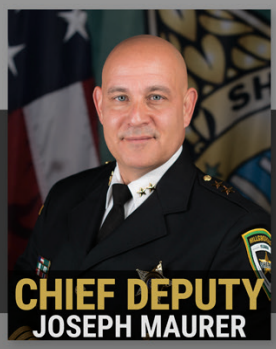

Sincerely,

Thomas St. John, Undersheriff

> "...these efforts represent a proactive investment in safer communities, strengthening accountability today while reducing the likelihood of future criminal behavior."

To Our Community,

As we reflect on the past year, I am proud of the dedication and discipline demonstrated by the men and women of Enforcement Operations. In a county that continues to grow, our deputies, detectives, and detention professionals remain focused on delivering measurable results while maintaining the trust of the community we serve. In 2025, Enforcement Operations responded to more than 1.36 million calls for service, ensuring help was always just a call away. Through proactive patrol strategies, intelligence-led investigations, and coordinated district operations, we achieved meaningful reductions in crime across Hillsborough County. Overall, violent crime declined by 13.85%, including a 10.55% decrease in firearm-related violent crime, while property crime also saw notable reductions. These outcomes reflect a sustained, data-driven approach to crime prevention and enforcement.

Our patrol districts balanced high call volumes with proactive enforcement, traffic safety initiatives, and visible community engagement. Investigative Services strengthened its impact through specialized units focused on violent offenders, firearms, and organized criminal activity, ensuring those who pose the greatest threat to public safety are identified and held accountable.

Public safety does not end at arrest. Detention Services plays a critical role in reducing repeat offenses by combining secure custody with structured programming that prepares individuals for a successful return to the community. In 2025, more than 10,000 program enrollments were recorded across educational, treatment, life skills, and vocational offerings, addressing substance use, mental health, trauma, and workforce readiness as part of a long-term public safety strategy.

Participants earned industry-recognized credentials in fields such as automotive service, welding, construction, safety, equipment operation, food management, and logistics, while 68 individuals completed high school diplomas during their incarceration. Since its inception, 252 veterans have completed HCSO's Veterans Resurgence Program, with a 13.09% re-arrest rate among graduates. In addition, a partnership with the Hillsborough County Tax Collector's Office helped 663 individuals obtain valid driver licenses or identification cards, removing a critical barrier to employment and stability upon release.

While long-term outcomes such as job placement and recidivism are complex and not always fully measurable, these efforts represent a proactive investment in safer communities, strengthening accountability today while reducing the likelihood of future criminal behavior.

Our success across Enforcement Operations is strengthened through close collaboration with Support Operations, ensuring our personnel are trained, equipped, and prepared to meet evolving challenges.

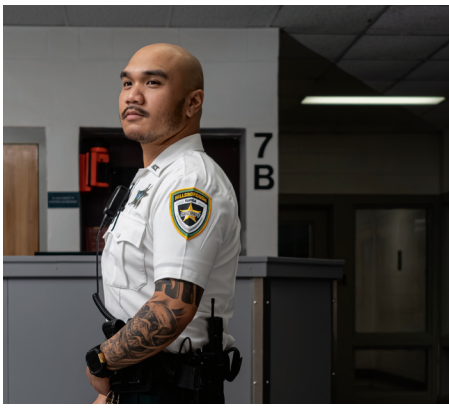

Behind every statistic is a dedicated professional, on patrol, in investigations, and within our detention facilities, working every day to protect this community with professionalism, integrity, and respect. I am deeply grateful for their commitment and service.

As we move forward, Enforcement Operations will continue to evolve, using data-driven strategies, strong partnerships, and proven programs to protect the residents of Hillsborough County today and into the future.

Respectfully,

Joseph Maurer, Chief Deputy
Enforcement Operations
Hillsborough County Sheriff's Office

FRANK LOSAT
CHIEF DEPUTY

SUPPORT OPERATIONS

Legal Division
Department of Operational Support
Department of Administrative Services
Department of Support Services

> "While much of this work occurs behind the scenes, its impact is evident in safer neighborhoods, more effective investigations, and a stronger, more resilient organization."

To Our Community,

Strong public safety outcomes are built on a foundation of preparation, innovation, and support. As Chief of Support Operations, I am proud of the professionals who work behind the scenes every day to ensure the Hillsborough County Sheriff's Office operates with efficiency, transparency, and purpose.

In 2025, Support Operations played a critical role in sustaining the agency's ability to respond to more than 1.36 million calls for service, while supporting complex investigations and evolving operational demands. As Enforcement Operations achieved a significant reduction in violent crime, our support divisions ensured deputies and investigators had the tools, technology, training, and resources necessary to deliver those results safely and effectively.

Throughout the year, our Forensic and Support Services strengthened investigative capacity and efficiency. Construction was completed on a new DNA laboratory, allowing for in-house processing of evidence and faster turnaround times for critical cases. Our Firearms Section completed more than 1,500 cases, recovered over 2,600 firearms, and entered approximately 1,600 firearms into NIBIN, resulting in nearly 300 investigative hits. Crime Scene personnel processed more than 3,500 items of evidence, responded to hundreds of calls for service and follow-up investigations, and achieved a three-day average turnaround time for evidence processing requests, helping move cases forward without delay.

Technology and infrastructure enhancements remained a major focus in 2025. The agency expanded its drone program with the addition of 26 new drones, increasing aerial support and situational awareness during critical incidents. The Grappler system was deployed to 50 vehicles, providing deputies with a safer option to terminate pursuits before they escalate. We also enhanced our AXON capabilities, including the implementation of real-time translation technology to improve communication and accessibility in the field.

Support Operations also remained focused on accountability and transparency. Accurate data reporting, modernized internal systems, and continuous process improvements strengthened decision-making across the agency and reinforced public confidence in how we serve our community.

These accomplishments reflect strong collaboration across divisions and a shared commitment to excellence. While much of this work occurs behind the scenes, its impact is evident in safer neighborhoods, more effective investigations, and a stronger, more resilient organization.

As we look ahead, we remain focused on the continued growth and evolution of this agency. In the coming years, the Sheriff's Office will transition into a new headquarters with a state-of-the-art Communications Center, an investment that will enhance coordination, strengthen response capabilities, and ensure we are prepared to meet the demands of a growing community as we continue our mission to protect and serve the people of Hillsborough County.

Sincerely,

Frank Losat, Chief Deputy
Support Operations
Hillsborough County Sheriff's Office

DAVID ARTHUR
COLONEL

DEPARTMENT OF PATROL SERVICES

> "The work highlighted here reflects the daily dedication of our deputies, who show up each day to ensure our neighborhoods are safe... serving and protecting alongside the community we are proud to call home."

Dear Hillsborough County Community,

Each year brings new demands, and 2025 was no exception for the Department of Patrol Services. This year, our deputies continued to meet the needs of a growing and diverse county through enforcement, proactive policing, and strong collaboration with the communities we serve. Our steady presence and commitment translated into measurable progress, meaningful prevention, and safer neighborhoods across Hillsborough County.

Across District I, deputies delivered the largest crime reduction within the Sheriff's Office, achieving a 17.6% decrease in crime from 2024 to 2025. District I deputies led a major operation targeted in the illegal sale of synthetic cannabinoids. Through a coordinated operation, deputies served nine search warrants, seizing large quantities of illegal drugs, firearms, cash, and illegal gaming devices while arresting multiple suspects on dozens of felony charges. These efforts significantly disrupted the distribution of dangerous substances in the community and underscored our commitment to removing harmful threats before they endanger residents.

Persistence and collaboration defined the work of District II as deputies addressed a serious and ongoing public safety hazard. Deputies investigated a months-long series of incidents involving nails deliberately placed along a busy roadway, damaging dozens of vehicles and putting motorists at serious risk. Through sustained investigative work and assistance from community members, deputies identified and arrested the individual responsible. Beyond enforcement, District II also prioritized community engagement by participating in multiple Great American Teach-In events. During these sessions, deputies explained how forensic techniques support criminal investigations and provided hands-on demonstrations. These interactions offered students an inside look at law enforcement while strengthening trust, education, and community connection.

Proactive policing efforts in District III resulted in a 22.68% reduction in property crimes, including burglary, vehicle theft, and fraud. Deputies implemented a holiday operations plan designed to deter retail theft and crimes against persons during one of the busiest shopping seasons of the year. Increased patrol presence at targeted locations resulted in zero thefts and burglaries during peak shopping days, demonstrating how visibility and planning can prevent crime before it occurs. Throughout the year, District III Street Crimes Units seized 72 firearms, over $130,00 in United States currency related to crimes stemming from illegal narcotics, and served 35 search warrants.

District IV continued its focus on proactive enforcement while maintaining strong ties within the communities it serves. During a spring break operation, deputies used a combination of high-visibility patrols and targeted surveillance to deter repeat offenders and reduce violent crime. When compared to the previous year, offenses declined by more than 41%, reflecting the effectiveness of strategic deployment and intelligence-led policing. Beyond enforcement, District IV continued to invest in community partnerships, supporting local families through outreach initiatives that reinforced the importance of service beyond the badge.

Throughout the year, District V focused its efforts through targeted operations aimed at improving safety within the community. Following an increase in gun violence within a specific area, deputies launched a multi-week enforcement initiative combining overt patrols and covert strategies. These efforts resulted in hundreds of arrests, the recovery of firearms, narcotics, and illegal currency, and a significant law enforcement presence aimed at restoring safety and stability. By focusing on both violent crime and retail theft, District V was able to adjust its approach and respond effectively to community needs.

It is a privilege to serve the residents of Hillsborough County. The work highlighted here reflects the daily dedication of our deputies, who show up each day to ensure our neighborhoods are safe. We appreciate the opportunity to continue serving and protecting alongside the community we are proud to call home.

David Arthur, Colonel
Department of Patrol Services

NIKKI BOSLEY
COLONEL

DEPARTMENT OF INVESTIGATIVE SERVICES

Criminal Investigations Division
Special Investigations Division
Professional Standards Bureau

> "We confronted violence, exploitation, and deception with relentless investigative drive. Every breakthrough, every arrest, and every recovered truth strengthened the safety net protecting Hillsborough County."

Dear Hillsborough County Community,

Justice does not happen by chance. It is built case by case, victim by victim, truth by truth. When I look back on 2025, I see a Department of Investigative Services that refused to stand still. We confronted violence, exploitation, and deception with relentless investigative drive. Every breakthrough, every arrest, and every recovered truth strengthened the safety net protecting Hillsborough County and reaffirmed HCSO's promise to go beyond the call of duty in pursuit of justice.

Driven by that commitment, detectives within the Criminal Investigations Division took on the most serious and complex cases, including long-term investigations spanning decades. This year, our Cold Case Unit closed a 2005 homicide through renewed interviews, re-examined evidence, and modern forensic analysis, delivering long-awaited answers to a family and reinforcing a message we stand by: that time does not erase responsibility.

Violent crime demanded equal persistence. Our Gun-Related Investigations Response Team handled 160 shooting-related cases and achieved an 87% arrest clearance rate. By proactively targeting repeat firearm offenders, detectives with our Gun Intelligence Working Group made numerous arrests, removed many illegal firearms from the streets, and contributed to a significant decrease in homicides countywide, directly strengthening neighborhood safety.

2025 also transformed how we respond to domestic violence. In just 93 days, our newly formed Domestic Violence Section conducted follow-up investigations resulting in 146 arrests and more than 1,800 criminal charges, intervening faster and protecting victims when they needed it most.

Our Economic Crimes Section dismantled a major elder fraud scheme involving a 92-year-old victim who lost more than $800,000. Detectives traced complex digital financial trails and arrested the offender, protecting vulnerable residents from exploitation.

And when tragedy struck on our roadways, we strengthened accountability. Members of the Traffic Homicide Unit handled more than 100 cases and generated felony and misdemeanor arrests, sending a clear message that responsibility cannot be outrun.

Our Special Investigations Division refused to let organized crime find a foothold in Hillsborough County. In 2025, SID stayed ahead of evolving threats, dismantled criminal networks, and delivered results that made our community safer. Auto theft dropped 33.5%, marking the second straight year of more than a 30% reduction countywide. Investigators uncovered fraud schemes involving nearly $1 million in stolen vehicles and arrested a suspect attempting to obtain a $155,000 McLaren fraudulently.

Gang enforcement delivered significant outcomes. Detectives recovered dozens of firearms, executed multiple search warrants, and sent violent gang members to prison. One investigation expanded to the federal level, with 27 gang members now facing Racketeering charges, directly disrupting organized violence networks.

Human trafficking operations remained relentless, resulting in hundreds of arrests, more than 100 trafficking charges, and the recovery of 26 victims, five of them juveniles. Online child exploitation enforcement reached record levels, with investigators processing thousands of cyber tips, arresting nearly 200 offenders, and rescuing eight live victims of sexual abuse.

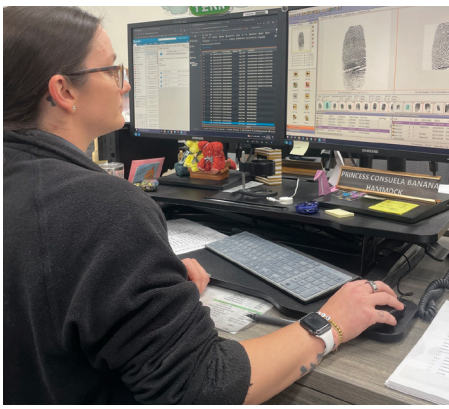

Technology played a key role. Our Real Time Crime Center generated hundreds of investigative leads and directly contributed to 345 arrests, tracking offenders in real time and closing cases in hours, not days.

I am proud of this department. Their innovation, persistence, and refusal to accept cases that are too complex or too organized continue to move the needle on public safety.

As Team HCSO, we will not slow down.

Nikki Bosley, Colonel
Department of Investigative Services

ROBERT URA
COLONEL

DEPARTMENT OF DETENTION SERVICES

Court Operations Division
Jail Division I
Jail Division II
Jail Division III

> "None of these accomplishments would be possible without the dedication of our deputies, civilian staff, and partners... ensuring safety, accountability, and efficiency across every area of responsibility."

Dear Hillsborough County Community,

This past year marked continued progress for the Department of Detention Services and Court Operations, grounded in professionalism, accountability, and public safety.

At the Orient Road Jail, several infrastructure and operational improvements were completed to enhance safety and efficiency. Aging air handlers were replaced, signage and lighting were upgraded to improve public visibility, and the employee gym was modernized with new equipment and flooring. Central Booking underwent operational restructuring to strengthen early detection of contraband, reducing risks within the facility. The jail also transitioned to a cashless release system, issuing funded debit cards to individuals upon release.

The Falkenburg Road Jail continued to operate as one of the largest and most complex detention facilities in the region. More than 500 sworn and civilian personnel maintained the care, custody, and control of an average daily inmate population exceeding 3,100. Operating around the clock, the facility functions much like a city and is supported by its own Central Energy Plant. Deputies performed critical duties including inmate supervision, searches for contraband, transportation throughout the county, and hospital security. Juvenile inmates were housed separately and supported through education and vocational opportunities in coordination with community partners. In May, the jail launched the Uniform Cleaning Program, providing inmates with practical job skills while supporting agency operations and long-term opportunities for success.

Our Court Operations Division continued to serve the community with professionalism and care, transporting more than 26,500 individuals in custody to and from court proceedings and ensuring the safety of courthouse visitors. In November, the division proudly supported National Adoption Day at Busch Gardens, where 46 adoptions were finalized during a meaningful judicial ceremony.

The Misdemeanor Probation Section remained a model of efficiency and fiscal responsibility. The section supervised approximately 3,500 probationers and placed more than 6,500 individuals into probation or diversion programs. Funded entirely by supervision costs paid by probationers, the program collected approximately $2.8 million and continued to operate without taxpayer funding.

Additional services, including County Center security, civil process, and emergency operations, further demonstrated the breadth of our responsibilities. Deputies supported county leadership during public meetings, special events, and Emergency Operations Center activations, while the Civil Section processed more than 95,000 civil service papers, generating over $1 million in revenue for Hillsborough County.

None of these accomplishments would be possible without the dedication of our deputies, civilian staff, and partners. Their professionalism and commitment drive the success of our facilities, court operations, and community programs, ensuring safety, accountability, and efficiency across every area of responsibility. Their service reflects the agency's core values and the trust the community places in us. It is an honor to lead this team, and I am confident in their continued impact in the year ahead.

Respectfully,

Robert Ura, Colonel
Department of Detention Services

RICK ROEBUCK
COLONEL

DEPARTMENT OF OPERATIONAL SUPPORT

Community Outreach Division
Homeland Security Division
Training Division

"...accomplishments of the Department of Operational Support in 2025 reflect the dedication, professionalism, and forward-thinking mindset of our personnel."

Dear Hillsborough County Community,

This past year, the Department of Operational Support has continued to strengthen our commitment to preparedness, innovation, and professional excellence. Through the collective efforts of our divisions, we remain focused on supporting our deputies and ensuring the safety and resilience of the communities we serve.

In 2025, the Community Outreach Division made significant progress through the efforts of its School Safety and Community Services Sections. The School Safety Section demonstrated a strong commitment to protecting students, staff, and campuses by completing the Rising Stars and Building Stars leadership academies, participating in SWAT Active Threat training, and continuing to engage in community outreach efforts.

The School Threat Assessment Response (STAR) Squad enhanced its expertise in 2025 by attending nine specialized training sessions, both local and national. Training topics included preventing mass violence, swatting, behavioral threat management in K-12 schools, active shooter response, and many others. STAR detectives also played a role in agency-wide readiness by developing portions of the SWAT Patrol Active Threat Training exercises, which were conducted in all five districts. They also participated in four large-scale training events at Hillsborough County Schools.

The Community Services Section strengthened partnerships and supported local nonprofits through fundraising events. The annual Golf Tournament raised $20,000 for Hands of Tampa Bay, while the Fishing Tournament continued to grow, generating $22,000 for Feeding Tampa Bay. Sheriff Chad Chronister's Ultimate Run was held at a new venue, The Motor Enclave, and set a participation record with more than 600 runners and walkers. The event raised $20,000 for the Florida Sheriffs Youth Ranches and the Florida Autism Center of Excellence. Additionally, the annual Clay Shoot welcomed 112 teams and 448 shooters, resulting in a $20,000 donation to the Crisis Center of Tampa Bay.

The Homeland Security Division (HSD) made significant advancements in enhancing our specialized response capabilities. We are in the final stages of constructing a new K9 Unit facility to support our growing number of canine teams better. This year, HSD expanded both narcotics and explosive ordinance detection teams, providing additional resources to combat criminal activity and protect public spaces.

To further strengthen our operational readiness, HSD acquired several new assets, including a swamp buggy, an airboat, and two armored vehicles. These resources will significantly enhance our ability to respond to natural disasters, high-risk incidents, and tactical situations. Additionally, our Drone Response Team nearly doubled in size over the past year, allowing for faster deployment and expanded aerial support throughout Hillsborough County.

The Training Division was busy in 2025, achieving some record highs compared to previous years. The Regional Training Center hosted 24 Criminal Justice Standards and Training Commission advanced curriculum courses for 509 students from 19 different agencies, reinforcing high training standards and regional collaboration. The Tactical Training Unit conducted two active shooter exercises at elementary schools and malls across the county, with 613 deputies participating in realistic, live training to ensure rapid and effective responses to critical incidents.

Agency-wide training advancements included transitioning to the Taser 10 and introducing virtual reality training, which will be available at each district once infrastructure upgrades are complete. The Range hosted Grappler training, a vehicle-mounted safety device used by law enforcement to help end vehicle pursuits more safely. The system deploys a net with a high-strength tether that entangles a fleeing vehicle's rear tire, allowing deputies to gradually slow and stop the vehicle while maintaining control. A total of 50 were installed and distributed throughout the agency. The Sheriff's Training Academy graduated 185 cadets in 2025, with 305 additional cadets beginning training and expected to graduate in 2026. The Detention Training Section earned the highest State Officer Certification Exam scores in Florida and recorded the second-highest number of graduates statewide for the third quarter of 2025. The Training and Development Section further supported career growth through advanced courses, promotional testing, leadership academies, and by contributing subject-matter experts to assist the Florida Department of Law Enforcement (FDLE) in developing statewide academy curriculum.

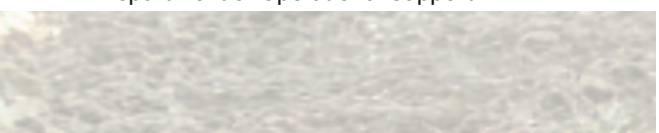

The accomplishments of the Department of Operational Support in 2025 reflect the dedication, professionalism, and forward-thinking mindset of our personnel. Through advanced training, modernized resources, and specialized response capabilities, we remain committed to supporting our deputies and serving the people of Hillsborough County with excellence.

Department of Operational Support

ROB RODRIGUEZ
COLONEL

DEPARTMENT OF ADMINISTRATIVE SERVICES

Financial Services Division
General Services & Facility Operations Division
Human Resources Division
Information Services Division

> "None of this work happens in isolation. It is the result of collaboration and a shared commitment to service across every division within the Department of Administrative Services."

Dear Hillsborough County Community,

Over the past year, the Department of Administrative Services has continued to strengthen the foundation that supports the Hillsborough County Sheriff's Office and our mission. Through behind-the-scenes work, our sections make certain that deputies and professional staff have the resources, systems, and support they need to serve our community.

The Information Services Division (ISD) has made significant improvements to technology, security, and operational support. Through enhancements to Axon, Computer-Aided Dispatch, and Real Time Crime Center, we have improved efficiency, situational awareness, and HCSO's investigative capabilities. ISD has also led deployments of emergency alerting systems, access control upgrades, and cybersecurity improvements that ensure compliance with federal standards.

The Human Resources Department has remained focused on supporting our workforce through policy improvements, benefit administration, and wellness initiatives. Wellness programming, professional development opportunities, and events such as the Women's Career Forum demonstrate a continued investment in the well-being and growth of our employees.

Within the General Services and Facilities Operations Division, progress has been made on numerous projects. Renovations at multiple facilities, including the 78th Street location, Criminal Investigation Division spaces, training areas, and detention facilities, have moved forward with careful coordination. Fleet, facilities, and support services teams have worked diligently on vehicle upfitting, communications improvements, infrastructure repairs, and construction projects that ensure our agency remains operationally ready.

The Financial Services Division has continued to guide the agency through critical fiscal milestones. Budget planning, audit preparation, and grant management have remained a priority, supporting both day-to-day operations and long-term goals. They managed a budget of more than $650 million and secured more than $14 million in grant funding to strengthen training, safety, and operational readiness.

None of this work happens in isolation. It is the result of collaboration and a shared commitment to service across every division within the Department of Administrative Services. I am grateful for the dedication of our employees who consistently work to ensure we can effectively serve and protect our community.

As we move forward, we remain focused on continuous improvement and supporting the mission of the Hillsborough County Sheriff's Office with integrity and excellence. I am confident that the work ahead will continue to build upon this strong foundation.

Colonel Robert Rodriguez

PRESTON HOLLIS
COLONEL

DEPARTMENT OF SUPPORT SERVICES

Forensic and Support Services Division
Occupational Health and Wellness Center
Public Affairs Office
Communications and Records Sector

> "Across the Department of Support Services, we have remained focused on building systems, people, and processes that not only meet today's demands but position us for what lies ahead."

Dear Hillsborough County Community,

The past year has been one of growth and preparation for the Hillsborough County Sheriff's Office. As our county continues to evolve, so must we, strengthening our operations, enhancing our capabilities, and laying the groundwork for the future of this agency and the community we serve. Across the Department of Support Services, we have remained focused on building systems, people, and processes that not only meet today's demands but position us for what lies ahead.

Every call for help begins with a voice on the other end of the line. Our Communications Center serves as a lifeline in our community, connecting individuals at their most vulnerable to the help they need. In 2025, our dispatchers answered more than 817,000 calls with professionalism, calm under pressure, and a deep sense of responsibility. Their ability to gather critical information, coordinate resources, and provide reassurance in moments of crisis is often the first step in saving lives.

Equally critical to our mission is the work of the Professional Standards Bureau, which ensures that we hold ourselves to the highest level of integrity and accountability. Every investigation is conducted with fairness, thoroughness, and transparency. This commitment not only strengthens our organization internally but also reinforces the trust our community places in us to serve with honor.

Our Public Affairs Office continues to play a vital role in keeping our community informed and engaged. Whether the team was responding to critical incidents, sending more than 135 press releases, or sharing the stories that reflect the dedication of teamHCSO, the Public Affairs Office ensured timely, accurate, and transparent communication. Their work helps bridge the gap between our agency and the community we serve, strengthening relationships and fostering understanding.

The Records Section continues to play a critical role in transparency and service, managing an extraordinary volume of public and media records requests each year. This work requires precision, timeliness, and a deep understanding of legal requirements, all while balancing the needs of our community and the integrity of ongoing investigations. Their ability to efficiently process and fulfill these requests is a monumental task, and their commitment ensures we remain accountable, responsive, and trusted by the public we serve.

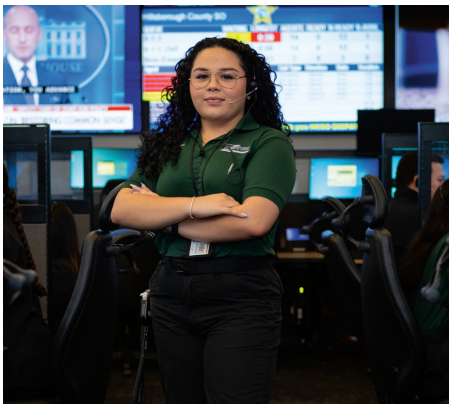

Supporting all of this work is our Occupational Health and Wellness Clinic, which remains focused on the well-being of our members. In a profession that demands so much, ensuring access to physical and mental health resources is essential. Through continued investment in wellness initiatives and support services, we are prioritizing the long-term health, resilience, and readiness of our workforce.

Each of these bureaus plays a distinct and essential role in fulfilling our mission. Together, they represent a commitment to service that begins with answering the call, is sustained through accountability and communication, and is strengthened by caring for our people.

As we move forward, we remain focused on adapting to the evolving needs of our community while upholding the values that define this agency. Thank you for your continued trust and partnership.

Respectfully,

Preston Hollis, Colonel
Department of Support Services
